Freegal – Quick Tips & Features

What is Freegal?

- Freegal is a downloadable music service from your library
- All you need is your library card number and your pin (usually the last 4 digits of your phone number)
- Freegal offers access to over 3 million songs

How does it work?

- Library card holders are limited to a weekly limit of 5 downloads
- The download counter resets each week at Monday 12:01am EST
- When you are logged into your account, a download counter is located in the upper right corner of the screen displaying your weekly allotment

How do I download a song to my computer?

- When you've found a song you want, click on the "Download Now" link
- Select "Save" and choose where you want to save the song
- If you are not presented with a prompt, try right-clicking on the link and choosing the option to save the link—this will let you choose where to save your song

Do I have to install anything on my computer?

No, Freegal Music utilizes the browser to download music, so there is no need to install anything

What about Digital Rights Management (DRM)?

- No need to worry about DRM—songs are downloaded as MP3 files which are compatible with any MP3 player or device
- You can transfer the music to any computer, MP3 player or burn to a CD
- Copyright laws apply for all music downloaded

Can I re-download a song?

- In the Freegal Music navigation bar, you will see "Recent Downloads"
- Here you have the ability to re-download a previously downloaded song up to 2 more times within 2 weeks from the original download (does not count against your weekly download totals)

Is there an app for this?

-Of course there is! If you have an Apple device,you will be able to download the Freegal App by doing a search for "Freegal Music" in the Apple iTunes App Store
- If you have an Android phone or tablet, you will be able to search for "Freegal Music" in the Google Play store

Will I be charged for these songs?

Freegal is free to access, like everything else at the library—and the songs are yours to keep
